

## MLC Receives National Recognition for NEDP®

We are excited to announce that the National External Diploma Program® (NEDP®) at Mercy Learning Center has been named as an innovative practice in adult education by the Advancing Innovation in Adult Education project, a five-year effort led by Manhattan Strategy Group and funded by the U.S. Department of Education's Office of Career, Technical, and Adult Education (OCTAE).

The Advancing Innovation project aims to advance the adult education field by increasing the information available about innovative practices that lead to improved outcomes for learners and the conditions necessary for innovation to occur, which should lead to enhanced adult education services.
